The Warmian-Masurian Voivodeship means not only amazing nature and monuments, but also cultural events and a wide variety of re-enactments. Festivals attract lovers of good music, theater and artistic experiences to Warmia and Mazury. Culture and beautiful nature interact perfectly. Those who listen to classical music and those who flex to reggae - there is something for everyone in the rich calendar of cultural events. Many events are held in amphitheaters, which are numerous in the region. In addition, there are many outdoor events, including re-enactments. The most flagship event for many years has been the re-enactment of the Battle of Grunwald. As every year, many organ music concerts are organized in the region this summer.
